

Glen Oaks Village Owners, Inc.

SECURITY CAMERA - Registration & Rebate Form

The Glen Oaks Village Board of Directors and Security Department works very closely with NYPD and crime prevention in our community. Keeping track of security cameras in the community allows us to quickly determine if cameras are nearby crime scenes which can be helpful in stopping and apprehending criminals. To encourage Shareholders to install security cameras, the Board of Directors has created the **VIDEO SECURITY CAMERA REBATE PROGRAM WHICH WILL REIMBURSE YOU UP TO \$100 FOR THE PURCHASE OF OUTSIDE FACING SECURITY CAMERA(S)** that you install in your apartment. The process is simple.

- 1) Purchase and install one or more security camera(s) that face the outside,
- 2) Bring your receipt with this form to the management office,
- 3) GOVO will inspect the installation from outside your unit,
- 4) Once approved you will receive by mail a Security Camera Rebate up to \$100*.

*This rebate is not per camera.

House Rule Compliance means ***ALL security camera installations, whether you participate in the rebate program or not, must be registered with the management office by completing this form.*** Security cameras facing outside that are not registered are subject to a \$100 house rule violation.

SECURITY CAMERA REBATE AND REGISTRATION INFORMATION:

Since shareholder maintenance covers the cost of this rebate program, only shareholders are eligible to participate. All security cameras are eligible for the rebate program. Security cameras can be mounted outside or inside your apartment as long as they are facing outwards. They cannot be unreasonably directed towards another apartment. Cameras are not permitted in common hallways. For an easy interior window ledge installation, the company WYZE (wyze.com) makes security cameras that are very inexpensive and work very well and this rebate will likely cover the entire cost.

To apply for the rebate or to register your outdoor facing security camera, please complete the form below and submit it to Alteration Services. Contact us with any questions at 718-347-2337; E-mail: Alterations@govo.net.
