

STORM DOOR \$200 REBATE APPLICATION FORM

In an effort to encourage shareholders to purchase storm doors, the Board of Directors implemented a STORM DOOR \$200 REBATE PROGRAM.

There are two pre-approved storm doors that do not require an Alteration Agreement for installation. These doors are shown below – one is a full view/easy vent model (with a self-storing screen) and the other is a full view/full glass model. Any other style **WILL REQUIRE** an Alteration Agreement. The process is simple, purchase a storm door at any building supply store such as Home Depot, Lowes or Ace Building Supply, etc. and arrange for its installation.

FULL VIEW/EASY VENT MODEL. 36" X 84"
(doorway size varies) White storm door w/self-storing screen.

FULL VIEW/FULL GLASS MODEL. 36" X 84" (doorway size varies) White storm door with full screen.

Once the door is properly installed, complete the rebate form below and attach a copy of your sales receipt. Submit completed form to Maria Fundus at the Management Office located at 70-33 260th Street, Glen Oaks. 718-347-2337, Ext. 114; Fax #: 718-343-2538; E-mail: Marief@govo.net. Once Management receives this form with a copy of your receipt, an inspection will be scheduled. After the installation is inspected and approved, a \$200.00 STORM DOOR REBATE check will be mailed to you.
